Time In: 9:00AM

Adjourned: 11:30AM

Select Board Members Present: John Gray, Hal Snow & Richard Bakeman

Others Present: David Zachow, Mark Blake, Joan Holmberg, Tony & Ann Ferrara

Agenda:

Business:

1. Paving Repair

David was wondering about maybe patching the cracks in the Cape road, and other town roads.

2. Energy Cost Savings

Tony has been involved in green houses in the area and window weather plastics, and has been reviewing how well they worked out.

School and school roof is important in solar energy, to save on heating costs.

Sundog Solar is willing to come down and talk and explain what they could do. 5¢ per kilo watt savings, having an informational meeting first to see if town's people are interested and then set up a meeting. Town would put forward what costs are now & the gentlemen could figure the savings.

David has questions; he is concerned about anything that would be put on the roof of the school – due to maintenance. He would be willing to be on committee

Joan said that survey done by Bangor Daily showed that 90% of people answering questions were intended in solar.

David will get together with Tony and decide what to do next
